A Word About These Suits.

About 100 Blue and Black Genuine Serge Worsted Suits in single and double breasted, all sizes from 15 to 48. These goods are made in the Washington Mills at Lawrence, Mass., the largest woolen mills in this country and owned by the American Woolen Company, whose output is second to none in the world, which means absolute safety when made by them and sold by us to you. Every suit is made well and in a superior style and manner. Guaranteed pure worsted and fast colors and to give satisfaction to the wearer. They will last from two to five years. We have sold several hundreds of these Suits during the past dozen years. The serges from which they are made have advanced radically in price, the past few months, and we could not duplicate them today for one-third more than we paid last spring. Come early and get first choice.

Eight Years Without Painting

"PITTSBURG, Pa., July 1, 1905.

"STANDARD PAINT CO., 100 William St., New York.

"GENTLEMEN:—The writer put a Ruberoid roof on his father's house some eight years ago. Subsequently he was advised by you to paint it, but did not do so. The roof is still in good condition and we understand that you now make a Ruberoid roof in a red color. If so will you please advise if the red is as good as the grey or black and whether I would dare use it for an open balcony on which we sometimes sit and walk? Also quote me price on four or five squares of the thickest quality. Yours truly,

"C. M. ROBINSON."

Why not profit by this man's experience and use the best? Be sure it's "Ruberoid" and look for the trademark on the under side of the material. For sale only by
